Q: We registered for all the classes in a series can we prepay for the whole year?

A: Yes, you are able to prepay for the whole year. Class fees are nonrefundable.

Q: Can I pay online?

A: Not at this time. We are sourcing an online payment system and hope to implement it in 2018.

Q: Why is the North Alabama Agriplex changing its payment policy for the children's programs?

A: Our children's programs are very popular, often filling up within days and resulting in a lengthy wait list. In every class offered in the 2016 season, we were faced with a full sign up sheet, but with sometimes less than half of the registered attendees present. This left us with unused supplies at great expense and a frustrated community. We hope that this will help with the issue, so that we may continue to offer high-quality programming to as many participants as possible.
